

All Saints School

INSPIRATION FOR LIFE

February 3, 2021

Dear All Saints Families,

The All Saints Finance Commission has identified tuition rates for the 2021-2022 school year. Tuition will be \$4,225 per student, which is a \$100 or 2.42% increase. We understand that any tuition increases can be challenging, but through the continuing support of the parish, it is below our projected operating cost increases of 3%. Parish support will increase next year, with a donation to the school which will total \$1,143 per student. This is 30% of our budgeted parish revenues. The new tuition schedule is included. It is through your continued support, and that of our greater parish community, that we can keep a Catholic education at All Saints affordable for all. Pausing to reflect for a minute, we feel very positive about where we are as a school:

- We continue to offer one of the most competitive rates among our peers in the area, including a multi-child discount.
- Our enrollment is steady at 490. Our reputation has spread far and wide as we now enroll students from over 30 different zip codes.
- This year we have provided over \$53,000 in tuition assistance.
- We have met the significant challenges that COVID-19 posed to our community, and maintained an environment where our students were able to effectively learn together in-person for the majority of the school year.
- We expanded our 1:1 laptop program to grades 4-8, and maintain a 1:1 ratio of devices in grades K-3.
- We continue to provide a challenging learning environment where students are nurtured to become compassionate, confident, life-long learners who make a difference by serving others.

We also want to thank the PTO for their continued and very successful fundraising efforts. This support provides awesome opportunities for our students that are not able to be funded through operating dollars.

We are grateful and humbled to have you as an active, contributing part of the Catholic learning experience that we are continuing to enhance for our parish families.
